Areas of expertise		
Business valuation and damages assessment from the loss or breach of commercial contracts		
Experience		
I have over 20 years of professional experience with Savills, a Big 4 accounting firm and a regional law firm and has been involved in various assurances, financial advisory and business valuation engagements. I have lead valuation and complex engagements for various purposes including business strategy, transactions, tax planning and statutory compliance, restructuring, capital market, mergers and acquisitions, financial reporting, and dispute resolution including assessing damages arising from the loss or breach of commercial contracts. I have experience in the valuation of companies, equity interests, intangible assets, intellectual property, financial instruments, convertible loans, preference shares and equity options. I have worked with companies from various industries in the US, China, Singapore, Vietnam, and in the region. My clients include SMEs, GLCs, MNCs, public listed groups, and government agencies. I am a Chartered Valuer and Appraiser (Singapore), Certified Patent Valuation Analyst (CPVA), Chartered Accountant (Singapore), ISCA Financial Forensic Professional (Singapore), and Fellow of the Singapore Institute of Arbitrators (SIArb).
